McMURTRY
B.COM, CFA**

ABOUT THE BOOK

In this essential guide, the experienced Canadian investment analyst, Peter McMurtry, provides you with the necessary tools you need to manage your own capital. The art of investment management is not rocket science. It can be learned by anyone at any level of financial knowledge. Once you do the work to take charge of your own investments and are in complete control, you will feel empowered. Along with clear explanations of each area of the investment field, the book includes a valuable list of the sources to use on a regular basis. It also summarizes where to find objective, unbiased financial information and explains how to use it to your advantage. Follow the step by step instructions in this guidebook and take ownership of your financial affairs.
